

Lincoln College Entrance Bursaries

The Council of Lincoln College has resolved to offer three entrance bursaries each academic year in order to assist promising students who, because of economic hardship, could not otherwise afford to live in College.

The value of each bursary will be an 8 week remission of the fees paid by the particular bursary holder. This fee remission will be given in the form of four credits of equal value to the bursary holder's account during the academic year.

Eligibility:

Students about to matriculate and who intend to enrol at The University of Adelaide, The University of South Australia and The Flinders University of South Australia are eligible to apply, as well as students who have received a SATAC or a direct offer to commence their studies at one of the above institutions and students already enrolled in a university course but who would be entering College for the first time

A bursary will be awarded to a student for one year. If assistance beyond one year is required students may apply for a continuing College bursary.

Selection criteria:

The following matters will be addressed in the selection process.

Financial circumstances of applicants: Consideration will be given to those applicants who by reason of significant economic hardship would not otherwise be able to afford to live in College. Applicants are asked to provide information about their own and their family's financial resources to enable the selection panel to fairly assess the combined, overall capacity, or otherwise, to finance college residency.

Academic performance: Consideration will be given to applicants' scholastic achievements. Applicants will be required to present their most recent academic results.

Involvement in student affairs: Consideration will be given to those applicants who are considered likely to make a significant contribution to the life of the College community. Applicants may be required to submit a detailed record of their involvement in student affairs.

Community Involvement: Consideration will be given to applicants' involvement in community, sporting and other social organisations. Positive social and community attitudes will be expected. Again, selection will favour applicants from whom some significant contributions to the life of the College community may reasonably be expected.

Applicants' perceived value of residency in Lincoln College: Applicants will be expected to have a clear understanding of the value of College residency. To that end they will be required to state their reasons for wanting to reside at Lincoln College, the ways in which they would expect residency in the College to contribute to their personal development, and how they would see themselves, in turn, contributing to the life of the College and its community.

Selection panel:

The selection panel consists of the College Principal, a Dean, the Treasurer and one other member of the College Council.

Review of performance:

Those who are awarded bursaries will be expected to make satisfactory academic progress and not fail any unit or subject in their courses. Further, their conduct and involvement in the life of the College should be consistent with the expectations given in their application and they would be expected to make a positive contribution to the life of the College.

Withdrawal of a bursary: Should it be necessary at any time to withdraw a bursary from a student, that decision would be made by the College Council upon recommendation of the Principal but only after the student has been informed of the reasons for the withdrawal and given an opportunity to respond.

In the event of a student considering the decision to withdraw the bursary to be unjust, he/she may appeal to the Chairperson of the Council, whose decision will be final.

Closing date for applications:

Applications including a personal statement and the statement of family financial circumstances should reach the College by Friday 31 December prior to year of entry.
